What is the Alpaca Canada Annual Point System?

The Point System is a way to tabulate successive wins among animals competing in the Canadian halter and fleece show system. These points are but one way for owners to recognize their competitive successes annually and over their animal's lifetime. With this point system it is possible to track consistent placements amongst multiple shows and classes, and from there award end of the year recognition of highly successful animals and their respective breeding programs. Points can be accumulated and tracked not just annually but over an animals lifetime.

What are the Rules of Eligibility?

For an animal to be eligible to earn points and to also be eligible for the Alpaca Canada Annual Awards, the animal must be a CLAA registered alpaca owned by an owner who is in good standing with Alpaca Canada and the CLAA, and the animal must be shown in an Alpaca Canada sanctioned event. All eligible alpacas who place at a sanctioned show are automatically entered in the running for the National Annual Year End Awards.

How are Points Allotted?

Points are assigned to animals based on a tiered system that is determined by placement and number of entries in eligible classes. Points can only be earned in classes outlined in the ACSS rules; as such points cannot be earned for specialty classes not identified in the rules, such as Best Head or Best Handle. To reflect the level of competition present within classes, more points are earned for larger class sizes. Point allotments and their corresponding placements can be found below. Annually, animals are ranked based on how many points they have earned in, in addition to the number of shows they have competed and placed in.

Point Allocation Table						
Placement	Class Size					
	1	2	3	4	5 - 10	11 +
1st	2pts	2pts	3pts	4pts	5pts	7pts
2nd	1pts	1pts	2pts	3pts	4pts	6pts
