Alpaca Fibre Fantasy

First Canadian Spin-Off Competition

**Would you like to know how your prized fibre feels when hand spun into yarn?
Would you like to discover how experienced hand spinners evaluate your fleece sample(s)?**

Participate in the First Canadian Spin-Off Competition and find out.

Each sample of 50grams blanket fleece is spun into yarn by experienced hand spinners and evaluated as to first impression, uniformity, cleanliness, ease of preparing for spinning, ease of spinning, softness and loft, just to mention a few criteria. Points are allocated and the most accumulated points out of 100 will determine placing within each category. Winning spin- off fleeces will be displayed at the Alpaca Ontario Fibre Fantasy at the Alpaca Ontario show in April 2008.
